

English Through a novel study, learners explore themes of relationships and ethical dilemmas in real or imagined settings. They read and comprehend complex narratives with varied characters, events and shifts in time. Learners analyse how authors use structure, language and literary devices to shape meaning, and create imaginative texts using cohesive paragraphs, complex sentences and precise vocabulary. Assessment: - Comprehend imaginative texts - Write a narrative with a supporting image	Mathematics Learners strengthen their mathematical proficiency and confidence as they: - solve problems involving fractions, decimals and percentages, including discounts, using efficient strategies and digital tools - identify and apply rules for growing and number patterns with whole and rational numbers - use computational thinking to create algorithms for finding unknown values in patterns - describe and compare probabilities numerically - analyse and compare results from repeated chance experiments and simulations	Science Learners experiment with constructing real and virtual circuits to examine the purpose of each component, including switches, and determine what is needed to allow flow of electrical current. They identify and classify components in electrical circuits and learn to describe energy flows in terms of transfer and transformation. Humanities and Social Sciences (HASS) Learners explore Australia's global connections and how these influence people and places. They investigate how proximity and relationships shape perceptions of other countries, develop inquiry questions, and gather and interpret information from various sources. Learners analyse data to identify patterns and viewpoints, propose actions in response to global issues, and present their findings using appropriate formats, conventions and terminology.
Technology - Digital Data changing our world Learners will explain how information systems meet local and community needs, represent a variety of data types in digital systems and design and create an interactive spreadsheet and share information ethically.	The Arts Music (Specialist Teacher) Learners will develop their skills on the ukulele, focusing on basic chords, strumming patterns, and simple songs. Dance (Specialist Teacher) Learners make and respond by exploring ways that dance can be used to express adventure stories drawing on stimulus from movement contexts including martial arts, acrobatics, sport, exercise and other cultural forms.	Health and Physical Education (Specialist Teacher) Health Learners explore the feelings, challenges and issues associated with making the transition to secondary school. They devise strategies to assist them in making a smooth transition. Physical Education Learners refine their swimming and water safety skills. They demonstrate proficiency in freestyle, backstroke, breaststroke and butterfly, applying strategies to improve efficiency, endurance and control in aquatic environments.
Chinese (Specialist teacher) Learners use language to communicate ideas relating to interests, activities and personality traits. Learners will: - gather, classify and compare information about interests of Chinese-speaking children - create bilingual profiles based on interests - identify borrowed words used to discuss interests - understand how language reflects roles and relationships	Special Events Term 4 commences – Tues 6th Oct (Public Hol. 5th Oct) School Assembly every Tues 2.20pm Yr 5-6 Swimming Lesson every Wednesday Yr 4 Gala Day (Y6 Student referees) – Fri 9th + 16th Oct Lap-a-thon Fundraiser – Tues 13th Oct Yr 6 Year book photoshoot – Thurs 15th + 29th Oct Yr 1-6 Speaking competition – Tues 20th Oct Yr 5-6 Gala Days – Fri 23rd Oct + 30th Oct Volunteers Morning Tea – Tues 27th Oct Halloween Disco – Fri 6th Nov Remembrance Day – Wed 11th Nov	Hilder Harmonies – Wed 18th Nov 6.30pm, Hall WOOF! Wear Orange on Friday + Cake Stall – Fri 20th Nov Special Menu Day – Thurs 26th Nov Yr 6 Families Party – Fri 27th Nov Prep-Yr6 Transition "Meet the Teacher" Day – Mon 30th Nov Year 6 Water Park Excursion – Tues 2nd Dec Carols in the Cow Paddock – Thurs 3rd Dec Yr 6 Graduation ceremony – Wed 9th Dec Final assembly and Guard of Honour – Thurs 10th Dec End of year class parties – Thurs 10th Dec Reports emailed to families – Thurs 10th Dec Last day of year – Fri 11th Dec – Happy holidays everyone!
